

Plant Operative/Telehandler

North West of England

PVCR Ltd are looking to recruit a Plant Operative/Telehandler for our recycling facility in Runcorn. PVC recycling is a convenient, economical and socially responsible way of protecting our environment. As a subsidiary of REHAU Group UK, PVCR is focused on growing the circular economy and we see innovation within PVC recycling as pivotal to our global sustainability strategy. By recycling post-consumer PVC windows and doors, PVCR minimises waste costs whilst realising the future value of recycled PVC and reducing the impact on landfill.

Your role:

- Responsible for a variety of material handling tasks including loading and unloading materials using a FLT.
- Perform bulk handling tasks using a JCB, including bucket work and operation of screeners/shredders.
- Machine minding.
- Maintain general housekeeping and safe working area
- Ensure the site and production process is operated safely and efficiently, adhering to all Environmental, Health and Safety policies, procedures and regulations
- Support with other warehouse duties, as required

Your profile:

- Must have Fork Lift and Telehandler License
- Ideally hold a JCB handling license
- Proficient in bulk handling
- Previous experience in a manufacturing or recycling environment
- Must be able to operate in a fast-paced organisation and handle multiple projects simultaneously within set timeframes
- Must be able to interact effectively and diplomatically with all company personnel under minimum supervision and be responsive to the requirements of department members and other departments with whom interaction is necessary
- Must be flexible with work schedules and able to work all shift patterns
